Description

Part of DGGF

Investing Dutch Entrepreneurs

Description

This Dutch company provides services to plant breeding and plant production companies from the Netherlands and other countries, including Ghana.

In Ghana they want to expand the current activities and Invest International intends to partly finance this expansion.

The investment will contribute to the creation of approximately 200 new jobs in Ghana, of which approximately 75% will be filled by women. In the long term, local services can also contribute to food security. And finally, the company has an action plan to not only visualize but also reduce its carbon footprint.

Finally, this investment will also have a positive impact on the Dutch economy, as Dutch technology will be provided for the expansion in Ghana and some jobs will be created in the Netherlands.

The project will contribute to the Sustainable Development Goals:
2 (Zero hunger) – 5 (Gender equality) – 8 (Decent work & economic growth) – 13 (Climate action)

Country of investment

Ghana

Risk category

The investment is scaled in category **B** in terms of ESG-risk.

An Environmental and Social Action Plan (ESAP) will be drafted, which is based upon the OECD and IFC performance standards, which aims to reduce the risk of non-compliance with these standards.
