### Description

#### Part of DTIF

Investing Dutch Entrepreneurs

#### Description

A Dutch company will import solar panels and related parts from China, assemble them in the Netherlands and seek financing for working capital to supply customers in France. The proposed DTIF Starter Financing to the Dutch company is in the form of a loan with a conventional term of 3 years.

The estimated impact on Dutch employment is the creation of approximately 22 jobs and knowledge transfer by training their employees. Especially, they work with inmates in which they are trained during their time in prison and enable them to find a proper jobs upon release. The innovative systems also provides a simple solution to clean energy, therefore contributing to reduce impact on climate change.

This project will contribute to the Sustainable Development Goals: 8 (Decent Work & Economic Growth), 13 (Climate Action), and SDG 7 (Affordable and Clean Energy).

**Country of investment**

China

**Risk category**

The investment is scaled in category B in terms of CSR-risk.

An Environmental and Social Action Plan (ESAP) will be drafted, which is based upon the OECD and IFC performance standards. The action plan aims to mitigate the risk on environmental aspects, working conditions and development aspects for the local community.
