Description

Part of DTIF

Investing Dutch Entrepreneurs

Description

A Dutch injection moulding company wants to establish a production facility in Mexico as well as expand its current facility there. The company specializes in the injection moulding of plastic products and their assembly, largely for the automotive sector. For these investments the company is requesting a loan at the Dutch Trade and Investment Fund. These investments enhance the Dutch economy as the moulds for machines will be designed and fabricated in The Netherlands. Moreover, Dutch taxes over the revenues of the Mexican subsidiary will increase as well.

The project will contribute to the Sustainable Development Goals: 5 (Gender equality), 8 (Decent work & Economic growth) and 13 (Climate action)

Country of investment

Mexico

Risk category

The investment is scaled in category B in terms of CSR-risk.

An Environmental and Social Action Plan (ESAP) will be drafted, which is based upon the OECD and IFC performance standards, which aims to reduce the risk of non-compliance with these standards.
